The Boys & Girls Club of Garfield (BGCG) is committed to providing a safe and positive environment for all staff. BGCG is committed to our core principles and have taken the time to carefully review CDC, DCF, OSHA and local health official's guidance for operating childcare during the COVID-19 pandemic. Our BGCG Club experience will look different and due to the unprecedented landscape, we are faced with, I envision the BGCG Club experience to change frequently as we learn more about COVID-19. For BGCG to carry out our objectives and goals it is critically important for everyone to review our updated policies, adhere to our updated policies and to continue practicing proper hygiene at home.

As I mentioned above the BGCG Club experience will change, some elements will be temporary, and others will be permanent. Everything BGCG implements is for safety of the staff, children and families. Everyone has a responsibility to practice preventive actions, proper hygiene and to stay home if you are feeling sick.

It is important as we re-open for everyone to understand the policies and procedures that will be put into place as we strategically re-open to the community over the next few weeks. BGCG is closely following the Governors orders and will follow his Emergency Child Care guidelines. It is also vital for you to share with BGCG Management any underlying medical conditions you may have so we can develop a plan of action. These underlying conditions can be diabetes, lung disease, asthma, heart condition, immunocompromised, liver disease and/or kidney disease.

The Club will conduct a robust training program prior to the reopening of children so that all staff members understand the new policies put into place.

Lastly, I ask for your patience. COVID-19 is something Clubs around the Country need to deal with for the first time and our priority will be the safety and wellbeing of our staff and children first and

foremost. ABOUT CAMP GARFIELD

DISCIPLINE POLICY

It is the philosophy of this Club to help children grow emotionally as well as intellectually. To help children succeed, feel good about them and be able to express their feelings in a **positive and constructive** manner.

It is our policy that discipline be positive. **Discipline is not punishment.** It is a way of helping children learn to identify socially acceptable behavior.

Within our Club, limits and rules are clearly defined. We focus strongly upon the reinforcement of acceptable behavior and the prevention of undesirable behavior by being responsive to the needs of the children.

Methods of correcting inappropriate behavior within the Club consist of the following:

1. **Re-direction of activities:** to change the focus of a child's behavior.
2. **Individualized attention:** to help child to deal with a particular situation.
3. **Time-out:** the removal of a child from the area of activity, for a few minutes, so that he/she may gain self-control. Time-out shall be used as a last resort in disciplining any child that is misbehaving.
4. **Attention to good behavior:** to respond to and reinforce positive behavior, acknowledge or praise the child when behaving well to let him/her know that we approve of what he/she is doing.
5. **Discipline will not involve isolating a child without supervision, or withholding food or attention. No child shall be subjected to corporal punishment, emotional neglect, abusive language, ridicule or any behavior that would intimidate, frighten or endanger a child or his/her self-image.**

EXPULSION POLICY

Unfortunately, there are some situations in which we have to expel a child from our program either on a short term or permanent basis. We want you to know we will do everything possible to work with the family of the child(ren) in order to prevent this policy from being enforced. The following are reasons we may have to expel or suspend a child from this club.

IMMEDIATE CAUSES FOR EXPULSION

- Biting

SCHEDULE OF EXPULSION- If the remedial actions above have not worked, the child's parent/guardian will be advised verbally and in writing about the child's or parent's behavior warranting an expulsion. An expulsion action is meant to be a period of time so that the parent/guardian may work on the child's behavior or to come to an agreement with the center.

- The parent/guardian will be informed regarding the length of the expulsion period.
- The parent/guardian will be informed about the expected behavioral changes required in order for the child or parent to return to the center.
- The parent/guardian will be given a specific expulsion date that allows the parent sufficient time to seek alternate childcare (approximately one to two weeks' notice depending on risk to other children's welfare or safety). Failure of the child/parent to satisfy the terms of the plan may result in permanent expulsion from the center.

A CHILD WILL NOT BE EXPELLED- If a child's parent(s):

- Make a complaint to the Office of Licensing regarding a center's alleged violations of the licensing requirements.
- Reported abuse or neglect occurring at the Club

PARENTAL CONSENT FOR SURVEY PARTICIPATION

BGCA requires Clubs to obtain parental consent for members taking the National Outcomes Survey every year. Each organization can choose the consent process (active or passive) that will work best for them. More information about consent is provided below.

Because the majority of member survey takers will be minors, parents/guardians must be given sufficient opportunity to consider whether they want their child to participate. BGCA has provided a number of supporting documents that will inform parents and guardians of the purpose and content of the survey, including informational flyers and consent templates in both English and Spanish. Clubs should determine which type of consent they will use (described below), personalize, and distribute these consent forms according to the guidelines below.

There are two types of consent Clubs may choose to obtain from parents - Active Consent and Passive Consent.

ACTIVE CONSENT

- Active Consent requires that parents actively allow their child to participate in the survey by signing a form of agreement to participate. This type of consent may be preferred by Clubs that want to be assured that members taking the survey have explicit permission from their parents/guardians to do so. Active Consent forms must be distributed at least four (4) weeks prior to survey administration to allow enough time for forms return and organization.

BGCA provides supporting materials for both methods, and emphasizes that regardless of method used, parents and guardians must be well informed of the survey, its contents, and their right to choose whether their child participates. Templates for both passive and active consent can be found on the Survey Resources tab of the Survey Status Website (www.nyoisurvey.com). Clubs should keep a copy of the survey on file at the front desk for parents to review upon request. Parents should not be permitted to take a copy of the survey home.

PASSIVE CONSENT

- Passive Consent requires parents to opt their child out by signing a form that indicates their prohibition of their child's survey taking. This type of consent does due diligence in informing parents of school children taking risk behavior and other surveys across the country and is the standard for use in most school systems. Passive Consent forms should be distributed at least two (2) weeks prior to survey administration to allow enough time for parental notification.

USE OF COMPUTERS, INTERNET & ELECTRONIC MAIL PERMISSION FORM

Boys & Girls Club of Garfield is pleased to offer Members access to a computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, all students must obtain parental permission as verified by the signatures on the form below. Should a parent prefer that a student not have e-mail and Internet access, use of the computers is still possible for more traditional purposes.

WHAT IS POSSIBLE?

Access to e-mail and the Internet will enable members to explore thousands of libraries, databases, museums, and other repositories of information and to exchange personal communication with other Internet users around the world. Families should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive. While the purposes of the Club are to use Internet resources for constructive educational goals, students may find ways to access other materials. We believe that the benefits to members from access to the Internet in the form of information resources and opportunities for collaboration exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and

conveying the standards that their children should follow when using media and information sources. Therefore, we support and respect each family's right to decide whether or not to apply for access.

WHAT IS EXPECTED?

Members are responsible for appropriate behavior on the Clubs computer network just as they are in a classroom or on a school playground. Communications on the network are often public in nature. General Club rules for behavior and communications apply. It is expected that users will comply with district standards and the specific rules set forth below. The use of the network is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his/her actions in accessing and utilizing the club's computer resources. The members are advised never to access, keep, or send anything that they would not want their parents or counselors to see.

WHAT ARE THE RULES?

- Privacy - Network storage areas may be treated like Club lockers. Network administrators may review communications to maintain system integrity and to insure that members are using the system responsibly.
- Storage Capacity - Users are expected to remain within allocated disk space and delete e-mail or other material, which take up excessive storage space.
- Illegal Copying - Members should never download or install any commercial software, shareware, or freeware onto network drives or disks, unless they have written permission from the Network Administrator. Nor should members copy other people's work or intrude into other people's files.
- Inappropriate Materials or Language - Profane, abusive or impolite language should not be used to communicate nor should materials be accessed which are not in line with the rules of club behavior. A good rule to follow is never view, send, or access materials, which you would not want your counselors and parents to see. Should members encounter such material by accident, they should report it their counselor immediately.

SUCCINCT ADVICE

These are guidelines to follow to prevent the loss of network privileges at The Club.

- Do not use a computer to harm other people or their work
- Do not damage the computer or the network in any way
- Do not interfere with the operation of the network by installing illegal software, shareware, or freeware
- Do not violate copyright laws
- Do not view, send, or display offensive messages or pictures
- Do not share your password with another person
- Do not waste limited resources such as disk space or printing capacity
- Do not trespass in others folders, work, or files
- Do notify an adult immediately, if by accident, you encounter materials, which violate the rules of appropriate use
- Be prepared to be held accountable for your actions and for the loss of privileges if the Rules of Appropriate Use are violated

CODES

Announcements will be made via the 2-way radios when situations arise. The following are codes and procedures to be utilized.

(FIRE DRILL)

This code will be used in the event the alarm does not go off for fire drills, and/or the need to evacuate the building utilizing fire drill procedures. Follow Fire Drill procedure and exit from the nearest "EXIT" and clear the area surrounding the building for emergency vehicles.

In the event of a lockdown, or harmful situation, all youth and counselors are to remain in their rooms away from doors and windows. Door is to remain closed and locked. A lockdown may last an indefinite length of time according to the nature of the threat. Remain in the rooms until an all clear is announced.

(WANDERING CHILD)

In the event of a lost child, counselors and youth are to remain where they are. Attendance and head counts are to be performed. Attendance is to be taken by asking each youth their name and checking them off your list. Report youth not on your attendance list.

BGCA requires Clubs to obtain parental consent for members taking the National Outcomes Survey every year.

Choose only one below:

ACTIVE CONSENT (OPTION 1)

• Active consent requires that parents **actively allow their child** to participate in the survey by signing a form of agreement to participate. This type of consent may be preferred by Clubs that want to be assured that members taking the survey have explicit permission from their parents/guardians to do so. Active consent forms must be distributed at least four (4) weeks prior to survey administration to allow enough time for forms return and organization.

PASSIVE CONSENT (OPTION 2)
